We need people who love a challenge!

United States ThermoAmp Inc. manufactures the Heat Siphon Swimming Pool Heat Pump in Latrobe, Pa. and sell to pool owners , pool dealers HVAC service centers and pool equipment distributors throughout the world. Established in 1983.

This is a ground floor opportunity to join a small manufacturing company that is about to get much bigger. Join our team, commit yourself to helping us and make a difference.

You will be responsible for operating our CNC Router and PLC controlled vacuum forming machines, as well as assist on assembly line.

Your primary responsibility will be manufacturing production with bonus pay based on output.

This is a challenging position with significant growth potential.

We are looking for someone who will make a long term commitment to help us grow and expand our production output, increase our efficiency and reduce our manufacturing costs.

The following are CRITICAL to this Job:

- Integrity is Essential.
- Honesty is Mandatory.
- Strong Work Ethic Required.
- Pleasant Demeanor Always Helpful.
- Experience with CNC Equipment.
- Physical Ability to Lift up to 90 pounds.

The following skills/ background are helpful:

- Experience with Brazing and Silver Soldering
- Machine Operator Vacuum-former
- Electrical Wiring Assembly
- Manual Dexterity assembling
